

Australia Awards

Make a difference with an Australia Awards Post-Doctoral Fellowship

Applications open 1 November 2016 to 28 February 2017

Australia Awards is offering an opportunity to develop on-going research and professional links in the areas of Science and Technology, Agricultural Productivity, and Health.

Australia Awards Post-Doctoral Fellowship

The Australia Awards – Africa program will pilot a number of Post-Doctoral Fellowships through the Australia Africa Universities Network (AAUN), with a view to scaling up and offering these fellowships to other selected countries in future.

Applicants must be affiliated to a South African University that is a member of the AAUN (University of Pretoria or University of Cape Town) and engaged in research activity.

The Australian Government strongly encourages applications from women and persons with disability. Mechanisms are in place to support the participation of applicants and fellows requiring specific assistance.

Apply by 28 February 2017
