

Parking Guidelines

Guest Parking

Full-day parking is available on a pay-and-display basis along Hackett Drive and in all of the car parks marked with a green car symbol on the map below. As the pay-and-display machines only accept coins at this point in time, it is advisable to bring change with you.

On busy mornings, full-day parking will be available in car park 3 (immediately adjacent to the Club) at a cost of \$15.00 per bay. You can purchase a blue parking permit from the parking attendant on duty, which must be displayed on your dashboard. Please be sure to park in the designated bays and not in the red parking permit section. Without a blue parking permit, there is a 3 hour limit in this car park.

Evenings and Weekends

All University car parks are free of charge after 5.00pm Monday-Friday and all day on weekends.

VIP Parking

Conference organisers can reserve parking bays for their delegates, guest speakers and/or VIP guests in the Club's basement carpark or car park 3 (subject to availability). Reserved bays cost \$15.00 per bay.
